“ Lisa is the BEST!!! Going to get your teeth cleaned is a necessity but not something you really don't want to do, however, Lisa makes my visit enjoyable and my teeth look great! The new Doc is cool too! And ofcourse, Diane rocks!!! *(Christine D.)* ”

“ I became a patient of Dr. Rosner's approximately twenty five years ago. Our family relocated here from out of state. We received a mailing that he was accepting new patients. My husband had an awful experience with another dentist, so he made me go first and test the waters. We have been so happy with our dental care. I can't say enough good things about Laser Dental Associates. *(Pam M.)* ”

“ Excellent visit! While I was in the chair Dian helped my youg daughters and kept them entertained. conversation was quite comforting while in the chair. Like being at the tharipists office. Like a 3 for one deal!Thanks! *(Matt P.)* ”

“ Laser Dental has always treated me with respect and courtesy during my visits. They have a wonderful staff who always try to find a solution to whatever your needs may be. They do a fantastic job. *(Anonymous)* ”

Jeffrey B.'s Life Changing Dentistry

“ On the third appointment, the six porcelain veneers were glued in place. Bot are they beautiful! I think they give me the smile I have always wanted (even for a guy). I seem to have a lot more confidence...I smile all the time. I even am engaged to be married! Wow! What a life-changing procedure it was for me. Thanks to Dr. Gailey and all the staff at Laser Dental. *(Jeff B.)* ”

Jim B's Amazing 2-Day Makeover with CEREC

“ Hello. My name is Jim and I have been a patient at Laser Dental for about 6 years. I had always been a bit self-conscience about my teeth. Over the years, I had a few caps done and it just seemed to me that my teeth were wearing and chipping so much. That's not to say how mismatched they were color-wise. *(Jim B.)* ”

“ The best dental office I have ever had! The entire staff is fabulous, friendly and all my questions were explained to me so that I fully understood everything. I always stay even later to talk to the wonderful people who work here if it's not too busy. The office is very high tech which makes me feel that the most current procedures are being performed. I have been coming here for many years and will continue to do so. *(Esther D.)* ”

“ I had the best appointment! I came in with a swollen jaw and the doctor reduced the swelling by opening the tooth and I can't wait to go back and have the root canal finished! The staff is super also. *(JoAnne R.)* ”

“ Laser Dental is great. I travel 60 miles to see Dr. Gailey. The entire staff treats my children and me like we are part of their family. The office is comfortable and inviting. My children are at ease at every visit, and that means the world to me. Dr. Gailey has the ability to eliminate all pain and fear from dental procedures. She always has the most up-to-date equipment and techniques! *(Georgia S.)* ”
