

Welcome to Bingham-Lester Dentistry. Dr. Vickii Bingham-Lester has put together a dental healthcare team that shares a common passion – helping you enjoy all of the benefits of good oral health. Patients are treated with the warmth we'd extend to our own family, while receiving high-quality dental care from an experienced professional, using current technologies, materials, and techniques.

We are glad you stopped by the website for a virtual visit. Feel free to browse these pages for more information. Then, we hope to see you soon at our practice in Gambrills, Maryland. When you arrive, one of the first things you will notice is the inviting atmosphere in our office. The environment is comfortable, with private treatment suites that look and feel more like home than like a doctor's office. You can watch television, listen to music, or gaze out the window, while we attend to your dental needs with personalized attention.

Bingham-Lester Dentistry welcomes patients of all ages, with a broad range of preventive, restorative, and cosmetic treatments. Here you will find the general dentistry you'd expect such as fillings, crowns, root canal therapy, and treatment for periodontal disease, plus much more. Dr. Bingham-Lester offers KÖR® teeth whitening, Invisalign® discreet tooth straightening, implant placement and restoration, treatment for TMJ disorders, bone grafting, and customized dentures.

We want to be the dental practice you trust at every stage of life. We earn that trust from the time baby's first tooth makes an appearance, to addressing the special oral health needs of the most mature members of your family. Call Bingham-Lester Dentistry today at 410-451-0041 to schedule an appointment.

*Bingham-Lester Dentistry is the dental practice families in the Crofton, MD area trust for superior care in a warm, friendly environment. Call 410-451-0041.*
